

## fixing modular system

### vertical

Safybox-ART range of enclosures is the most suitable for all urban areas. Advanced design to provide the enclosure with maximum strength against impacts and vandalism while keeping a superb aesthetical look.

Suitable for electrical, water, gas and telecom applications

Under the same aesthetic line, it can be combined together with Safybox-APM and CPM

### horizontal

Reach the sky fixing in vertical position, available special horizontal fixation, send us your requirements and we will create under demand
